

ILLUMINATED NOTES
BY FOREST STEARNS & ADAM ROSENDAHL

On November 8-11, 2019, Summit LA19 brought together prominent leaders in innovation, creation, and culture.

We invited Adam Rosendahl of LATE NITE ART and Forest Stearns of DRAW EVERYWHERE to capture the unique perspectives and ideas of speakers through an artistic process called *Illuminated Notes*.

We hope this series of drawings inspires you to keep these meaningful conversations alive and to continue sharing what you learned. Thank you for being part of this remarkable experience - now let's build a better world of work together!
